

Senate Minutes 3/29/16

Old Business:

Update on Senior Regalia: Letter was sent up two months ago. As of yesterday, they're not going to do anything with it unless we send up an official proposal. Unless a proposal is not going to send up an official proposal next semester, Senate will no longer be working with it.

Next semester, we're going to keep working on the Smoking Policy, the Beautification Proposal, the Yik Yak proposal, and Greek Life.

New Business

Constitution changes to Latinas Unidas

Virginia Banda-Garcia - President

Want to update the elections process, hoping to cut in half the time that the process takes as well as keep members engaged. Current process is candidates must submit their intent a week prior as well as give their speech. A week after, casting of votes takes place.

Changes is to have candidates state intent to run, give a speech two weeks later and vote on the same day. Another qualification for President and VP are to have previous experience with promoting Latina culture on campus. We're also cutting down from 3 to 2 meetings.

We're also outlining club officer roles more clearly according to ICC suggestions.
