

Senate Minutes 4/12/16

Last senate for the semester - closed senate.

New Business

Lisa Wells - the 16-17 "Off the Tops" of the SAF budget. A lot of time, these contracts come during the summer, so we want your feedback. It comes off of the major amount of money that goes into the Student Activities Fund. There is no increase in numbers.

Aaleyah Joe - This is for next year and this is what our fees pay for?

Lisa - Yes.

Amber - All of this is taken off first and the leftover money is then given out to clubs etc.

Lisa - This pays for the yearbook, Residence Life cinemas, the USA today readership program, the planners (which might be less than \$5000). The first Pres honorarium is thanking them for allowing us to use their space. Colour printer cartridges is for club use, leadership awards, student leader gifts, and Res Hall educational programming is the welcoming and what you do to spruce up your halls. We've already set aside money to pay for a speaker for SLC.

Aaleyah - Could the money for the speaker just be for the SLC?

Lisa - Yes

Lisa - Class budgets also come out of this. The junior class budget is so large because of Jn Dads.

Laura - We don't have cable in Kable

Lisa - We'll look into that

Aaleyah - For the yearbook, I think the clubs usually fundraise for the yearbook

Amber - This allows us to give it to you for free.

Lisa - This is the first of a three year contract. We can definitely have a conversation on yearbooks etc.

Lisa - We are also in a contract with the USA Today people. The SAF also rolls over into the next year.
