Deerborne Energy
150 Commerce Plaza
Dallas, TX 75201

Dear Hiring Manager:

As a first year MBA student at the Wharton School of Business, I am highly interested to support Deerborne Energy during my summer internship in 2017.

My previous work experiences as an environmental consultant, coupled with my management and leadership capabilities, will allow me to add value to the Land Reclamation Internship Program. At Booz Allen, I managed the company's contract with the Houston Department of Environment to design and incorporate green buildings into the City's infrastructure, leading to a significant increase in energy efficiency portfolio for Booz Allen. My experiences collaborating with energy clients and negotiating successfully with the Texas Utility Commission to certify five power plants have provided me with an extensive knowledge about environmental regulations and the challenges associated with energy production.

Please consider me for your interview schedule so we can discuss how I can add value to the Deerborne Energy team. Thank you for your time and consideration and I am looking forward to speaking with you.

Best Regards,

Julie Miller
MBA Candidate 2017
